Care for Physical and Mental Health

# APM2014 WELCOME

On behalf of the Academy of Psychosomatic Medicine, we're happy to welcome you to our 61st Annual Meeting at the Marriott Harbor Beach Resort and Spa, tantalizingly situated on a white sand beach on the Atlantic oceanfront.

APM President Linda Worley, MD, FAPM, has chosen a conference theme of *Lessons from Our Best Teachers: Patient-Informed Advances in Clinical Care, Research, and Leadership*. Scientific Program Chair J. Michael Bostwick, MD, FAPM, working with a talented Annual Meeting Committee, has labored for the last year to realize Dr. Worley's vision.

It was Ralph Waldo Emerson who said, "a foolish consistency is the hobgoblin of little minds." We intend for the meeting to celebrate the psychosomatic medicine psychiatrist's artistry. The PM psychiatrist brings to the consultation a multitude of tools, including careful attention to the patient's narrative, innovative application of the latest scientific findings, and adaptation of accepted psychosomatic principles to the particular challenges each new patient offers us.

### Here's just a sample of the smorgasbord APM will be serving up November 12-15:

- An all-day preconference "Updates in Psychosomatic Medicine" course, featuring 13 speakers providing psychosomatic medicine essentials; and four skills-based courses running concurrently
- The Presidential Symposium, "How Relevant is our Research and Evidence Base to Actual Patient Care?", featuring provocative challenges to the status quo from editor William Lanier Jr., MD; clinical researcher Mark Zimmerman, MD; and psychologist Heidi Hjelmeland, PhD
- Plenary Session: "The Human Side of Healthcare: Medicine as Stories, Stories as Medicine", starring Louise Aronson, MD, MFA, a geriatrician, narrative medicine expert and author of *A History of The Present Illness*
- 150+ scientific posters; 42 oral papers; 44 symposia and workshops
- The debut of a 3-hour "Research for Researchers" workshop specifically designed to nurture the aspirations of mid-level and senior psychosomatic investigators
- *Mercy Killers*, a gut-wrenching one-man play exploring the limits of the US health care system, performed by writer/actor Mike Milligan, with James Rundell, MD, FAPM, as discussant
- Myriad social events to promote networking opportunities for both experienced and first-time meeting attendees
- Up to 29.5 hours of CME credit that can be earned over the four days of the meeting.

With hundreds of abstract submissions, the competition for a place on the program was intense. We have selected the very best that will offer you a wealth of ideas and a cornucopia of cutting-edge research in venues ranging from plenaries and a poster session, to workshops, symposia, and a concurrent paper session.

We look forward to engaging with you in this compelling and mind-expanding program, the pinnacle of APM's year, a testimony to the vitality of our organization and its importance in our professional lives.

# APM2014 ACCREDITATION

## ACCME Accreditation Statement

This activity has been planned and implemented in accordance with the essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME), through the joint providership of the Medical College of Wisconsin and the Academy of Psychosomatic Medicine. The Medical College of Wisconsin is accredited by the ACCME to provide continuing medical education for physicians.

## AMA Credit Designation Statement

The Medical College of Wisconsin designates this live activity for a maximum of 29.5 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Hours of Participation for Allied Health Care Professionals

The Medical College of Wisconsin designates this activity for up to 29.5 hours of participation for continuing education for allied health professionals.

## Learning Objectives

At the end of this meeting participants will be able to:

- Apply psychosomatic medicine research findings to clinical care scenarios for persons with comorbid psychiatric and general medical conditions.
- Describe the roles, strengths, and challenges of psychosomatic medicine clinical models in a changing healthcare environment.
- Appreciate the importance of patients' stories – their psychosocial narratives – in tailoring individualized treatment plans responsive to their personal needs.
- Delineate evidence-based methods of delivering psychosomatic medicine clinical care when integrated into primary care and specialty care settings.
- Improve and expand knowledge about improving the medical outcomes of chronically and persistently mentally ill patients.
- Define workforce and graduate medical education training needs for psychosomatic medicine in the era of health care reform.

# APM2014 PROGRAM DETAILS

▶ 12:45 – 2:00 PM **SIG Chair's Lunch** (with APM Council representatives)..... Grand Ballroom A-D

▶ 12:45 – 2:00 PM **Trainee & Early Career Lunch** (\$25pp)..... Grand Ballroom A-D

APM is delighted to offer a unique opportunity for Early Career Psychiatrists to meet with more experienced members from the Academy and receive mentorship in a group setting at the "Mentorship Lunch." Attendees will get an opportunity to have lunch while going over some of the pro's and con's of different career pathways, to consider how to best manage personal and professional obligations, and contemplate how to maintain a connection to academic psychiatry while working in a non-academic setting. The agenda is set by the participants and the mentors are happy to discuss whatever is on your mind. There is no assigned seating and places are filled on a first-come, first-served basis. Tickets are \$25 per person.

# A Step-By-Step Guide to Using the APM 2014 App

## STEP 1

Download the “APM 2014” app from the Apple App Store or Google Play. To start using the app, press **Login** and enter as **username** the email you used to register for APM and the **password** emailed to you before the meeting.

## STEP 2

Find the presentation you want quickly and interact with presentation slides by **drawing on slides and highlighting text**. Use the note-taking mode to **type your notes next to each slide**.

## STEP 3

Print the notes you took inside the app from your “**Online Personal Summary,**” accessible from the app’s main screen or email yourself the link by selecting “**Email Summary Link**” in the app’s settings. You can print the full presentation with your notes, or print just your notes.

## STEP 4

Press **Evaluation** in the bottom navigation bar to access session and meeting evaluations. Complete your evaluation as each session ends to deliver immediate feedback to APM.

## *Supporting the Mission of the Academy of Psychosomatic Medicine*

In June 2009, the APM Council created a 501(c) (3) charitable, education, and scientific foundation with the primary purpose of supporting the Academy's education and research programs and activities through fundraising. This organization is called the Foundation of the Academy of Psychosomatic Medicine (fAPM).

### *100% Campaign*

Join us as we kick off our 100% Campaign! ALL contributions, regardless of size, will help us achieve our commitment to future leaders in our field and ensure our continued impact as we move the cause of integrated care forward.

**100% participation** sends a strong message about our collective commitment to our mission, enabling us to solicit larger grants from individuals and institutions that have interest in our work. And your gift is tax-deductible!

### *Educational Mission*

The Foundation of the Academy of Psychosomatic Medicine supports the Academy's commitment to:

- Fostering ongoing career development and recognizing significant contributions to the field, through endowed funds like the Lipsitt Award
- Developing leaders in Psychosomatic Medicine, by supporting programs like the Webb Fellowship, which provides younger members with mentorship and opportunities for leadership
- Supporting the academic growth and development of trainees through programs like the Trainee Travel awards, which provide funding for selected trainees to attend the annual meeting

### *Donations*

Both the Academy and the Foundation thank you for your generous contribution and support. Help us reach our 100% goal. Donations may be made by completing the donation form on the next page and:

- Faxing it to **844-269-8241**, or
- Scan and email to: **fapminfo@gmail.com**, or
- Handing in your completed form at the Registration Desk

You may also donate online at [apm.org/foundation](http://apm.org/foundation) and click **Donate Now**.

# APM2014 DISCLOSURE REPORTING

The Academy of Psychosomatic Medicine requires disclosure by all program planners and presenters of CME activities of any financial or other affiliation with commercial organization(s) that may have a direct or indirect interest in the subject matter of the educational activity. A "financial interest" may include, but is not limited to: being an employee and/or being a shareholder in the organization; being on retainer with the organization; or having research or honoraria paid by the organization. An "affiliation" may include holding a position on an advisory committee, speakers' bureau or some other role or benefit to a supporting organization.

APM administers a process by which potential conflicts are identified and resolved prior to the educational activity. Furthermore, the audience of each session must be informed of the presenters' or program planners' affiliations with every commercial interest by acknowledging such in the printed program and orally or visually (incorporated into slide presentation) at the start of a session.

APM only identifies active disclosure information, meaning that the absence of a speaker from this list indicates that neither they nor an immediate member of their family have any relationship to disclose.
