Guide to Using the Mobile App

- Download the "CLP 2018 Annual Meeting" app from the Apple App Store or Google Play Store.
- Once downloaded, click "Login". Then, enter your username (email address used to register for CLP 2018) and the access key that were emailed to you from Support@ EventScribe.com. If needed, click Forgot Password in the top right of your login screen.

What can you do with your app?

- Draw or highlight important points on presentation slides.
- Take notes on slides while in note-taking mode.
- Access/print out your notes by clicking "My Notes" on the home screen or "Online Personal Summary" in the sidebar menu.
- To download slides, you will need an Internet connection, but you can view them later and take notes later without one.
- Want to use your laptop or desktop computer? As long as you have an Internet connection, access slides through tinyurl.com/CLPFall2018. If you already have an account on a mobile device, use the same login and access key. Otherwise, click "Login" in the upper right corner, then "Sign Up" on the next page.

Welcome to Consultation-Liaison Psychiatry 2018

On behalf of the Academy of Consultation-Liaison Psychiatry, we're happy to welcome you to ACLP 2018 in Orlando, Florida. ACLP President James Rundell, MD, FACLP, has chosen the conference theme of *Branding C-L Psychiatry: Defining the Breadth and Depth of Our Subspecialty*.

Clinicians in consultation-liaison psychiatry face a wide breadth of conundrums and controversies in all areas of practice. Our objective for this meeting is to highlight the subspecialties within our subspecialty! Our program this year touches not only on the nuances of the multiple subspecialties within C-L psychiatry, but also will review information imperative for any practicing C-L psychiatrist.

Here's a preview of what you can experience at Consultation-Liaison Psychiatry 2018:

- An all-day Essentials of Consultation-Liaison Psychiatry preconference course, featuring nine speakers discussing updates on current C-L topics, presented free to members (who also register for the annual meeting) on Tuesday, Nov. 13, then repeated on Wednesday, Nov. 14 at half-price for members
- Eight preconference Skills Courses on Wednesday, Nov. 14
- Six TED-style plenaries by experts who will get straight to the point exploring clinical issues (geriatric, neuropsychiatry, child and adolescent) and timely administrative, education, and research topics
- Two special half-day research forums: Maintaining Your Momentum with Your Research, 1:00-5:00 PM, Tuesday, Nov. 13, members only; and Getting Started with Research, 8:00AM 12:00 PM, Wednesday, Nov. 14. Both sessions are free; the Tuesday session will include CME
- Maximizing Mentorship Relationships Throughout Our Careers, a special evening session on Wednesday, Nov. 14, for members only, that will aim to enhance mentoring relationships both giving and receiving mentorship
- 145+ scientific posters; 42 oral papers; 77 General Sessions
- More networking time and social events to build your connections with C-L professionals: no-presentation lunches, the ever-popular members' welcome reception, and a champagne toast reception on Friday celebrating the Academy's award winners
- Special Interest Group meetings
- Career Consultations for early career psychiatrists (members only)
- Easy access to Orlando's local theme parks and attractions, with free shuttles from the hotel and Academy-exclusive discounted tickets
- Up to 39.75 hours of CME credit that can be earned over the five days of the meeting

Welcome to Consultation-Liaison Psychiatry 2018

With hundreds of abstract submissions, the competition for a place on the program was intense. We have selected the very best that will offer you a wealth of ideas and insights into cuttingedge research in venues ranging from plenaries and a poster session, to general sessions, and concurrent paper presentations.

We look forward to engaging with you in this compelling and mind-expanding program, the pinnacle of ACLP's year, a testimony to the vitality of our organization and its importance in our professional lives.

ACCME Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of The Medical College of Wisconsin and the Academy of Consultation–Liaison Psychiatry. The Medical College of Wisconsin is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation Statement

The Medical College of Wisconsin designates this Live activity for a maximum of 39.75 AMA PRA Category 1 Credit(s) $^{\text{m}}$. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Hours of Participation for Allied Health Care Professionals

The Medical College of Wisconsin designates this activity for up to 39.75 hours of participation for continuing education for allied health professionals.

Learning Objectives

At the end of this meeting, participants will be able to:

- Apply patient outcomes research findings to clinical care scenarios for persons with comorbid psychiatric and general medical conditions
- Approach the hospitalized, demoralized patient with bedside therapy techniques
- Appreciate the importance of patients' stories their psychosocial narratives in tailoring individualized treatment plans responsive to their personal needs
- Define the intersection of communication in Consultation– Liaison Psychiatry and professional formation
- Improve and expand knowledge about improving the medical outcomes of chronically and persistently mentally ill patients; and
- Describe the impact of electronic medical records on doctor to doctor communication.

Introduction by: **Christina Wichman, DO, FACLP,** Annual Meeting Program Chair

Concussion, CTE, Chronic Neuropsychiatric Sequelae: What is the Connection? Durga Roy, MD

Assistant Professor, Department of Psychiatry and Behavioral Sciences, Johns Hopkins University School of Medicine, Baltimore, MD

Using Mobile Technology in Patient Care: Helpful Tools or Unwanted Oversight? Andrea DiMartini, MD, FACLP

Professor of Psychiatry, University of Pittsburgh, Pittsburgh, PA

The Rainbow Elephant in the Room: Supporting Transgender Patients Katharine Dalke, MD

Assistant Professor of Psychiatry, Penn State College of Medicine, Camp Hill, PA

Break

Friday, Nov 16

Schedule and Program Details

10:15 - 11:45 AM

4 Concurrent Oral Paper Sections [1.5 CME]

Oral papers are organized into the following sections:

Section A: Cancer I: Screening & Therapeutics

Section B: Neuropsychiatry I: Somatic Diagnostics & Therapeutics

Section C: Special Populations & Chronic Disease

Section D: Surgery

Section A: Cancer I: Screening & Therapeutics Moderator/Discussant: Michael Marcangelo, MD, FACLP

Curacao 1&2

Qualitative Analysis of Oncology Patients Across Several States Using Medical Marijuana

Presenting Author: Ilana Braun, MD

WEBB FELLOW: Pre-treatment Cognitive Screening in Adult Cancer Patients: Associations of Functional, Psychosocial, and Socio-demographic Factors with Cognitive Function

Presenting Author: Zev Nakamura, MD

A Clinical Model to Diagnose and Manage Cancer Related Cognitive Dysfunction (CRCD)

Presenting Author: M. Beatriz Currier, MD, FACLP Co-author(s): Aileen Moreno, LCSW; Richard Hamilton, PhD

Translational Psycho-oncology: Neurally Regulating Cancer Through Propranolol by Inhibiting Stressrelated Gene Expression Profiles Associated with Adverse Cancer Outcomes

Presenting Author: Jennifer Knight, MD, MS, FACLP Co-author(s): J.Douglas Rizzo, MD, MS; Parameswaran Hari, MD, MRCP, MS; Anita D'Souza, MD, MS; Brent Logan, PhD; Karen Giles, MS; Mehdi Hamadani, MD; Saurabh Chhabra, MD; Binod Dhakal, MD, MS; Nirav Shah, MD, MS; Steve Cole, PhD

Section B: Neuropsychiatry I: Somatic Diagnostics & Therapeutics Moderator/Discussant: Terry Schneekloth, MD, FACLP

Curacao 3&4

Transcranial Direct Current Stimulation Restores Neuroplasticity in Traumatic Brain Injury

Presenting Author: Davin Quinn, MD Co-author: Jennifer Erickson, DO

WEBB FELLOW: Could EEG Analysis Be Useful in Differentiating Catatonia from Delirium?

Presenting Author: Joan Roig Llesuy, MD

Pediatric Catatonia: Factors Associated with Benzodiazepine Resistance and Electroconvulsive Therapy

Presenting Author: Kristina Sowar, MD Co-author: Davin Quinn, MD

Dlin/Fischer Clinical Research Award: Prediction of Patient Outcomes Associated with Delirium by Novel Bispectral EEG Device

Introduction by: Michael Sharpe, MD, FACLP

Presenting Author: **Gen Shinozaki, MD, FACLP**

Schedule and Program Details 🕿

Curacao 5&6

Improving End-of-Life Care for Patients Receiving Hemodialysis: Through the Lens of Consultation-Liaison Psychiatry

Presenting Author: Lewis Cohen, MD, FACLP Co-author(s): Michael Germain, MD; Sarah Goff, MD; John Griffith, PhD; Jamie Klingensmith, MPH, MPPA; Mark Unruh, MD

A Resident-Led Initiative to Educate Psychiatry Trainees on Advance Directives

Presenting Author: Daniel Shalev, MD Co-author(s): Katharine Brewster, MD; Jon Levenson, MD

WEBB FELLOW: Rate of Against-Medical-Advice Discharge in Patients with Endocarditis Secondary to Intravenous Drug Use

Presenting Author: Diana Robinson, MD Co-author: Joji Suzuki, MD

Medical and Psychiatric Outcomes in Severe Opioid Use Disorder and Endocarditis

Presenting Author: Neeta Shenai, MD Co-author(s): Priya Gopalan, MD; Elizabeth Williamson, MSc

Curação 7&8

Section D: SurgeryModerator/Discussant: Alan Hsu, MD

Post-donation Psychosocial Assessment of Nondirected Kidney Donors

Presenting Author: Diane Bonfiglio, PhD Co-author: Kristin Kuntz, PhD

Preoperative Depression and Mild Cognitive Impairment Independently Predict Delirium After Coronary Artery Bypass Graft Surgery: An Analysis of the Neuropsychiatric Outcomes After Heart Surgery Study

Presenting Author: Mark Oldham, MD Co-author(s): I-Hsin Lin, PhD, MPH; Yanhong Deng, MPH; Leslie Scoutt, MD; David Yuh, MD; Hochang Lee, MD, FACLP

Psychotropic Medication Use and Weight Outcomes 1-year Post-bariatric Surgery

Presenting Author: Michael Hawkins, MD, FRCPC Co-author(s): Sanjeev Sockalingam, MD, FRCPC, FACLP; Andrew Lee, BSc; Susan Wnuk, PhD; Raed Hawa, MD

Consulting with the Patient: TAVR Patient Concerns and Expectations for Quality of Life

Presenting Author: Rima Styra, MD, FRCPC, DABPN Co-author: Michelle Dimas, MSc

[T] = Trainee Paper

1. Alan Stoudemire Award: The Medical Psychiatry Alliance Education Program: Advancing Integrated Care Training Across the Learner Continuum

Presenting Author: Sanjeev Sockalingam Co-author(s): Maria Mylopoulos, Zarah Chaudhary, Allison Crawford, Eva Serhal, Eileen Waweru, David Wiljer

Substance Use & Related Disorders

2. [T] A Case of Phenibut Withdrawal
Masquerading as Autoimmune
Encephalitis: A Commentary on
Diagnostic Challenges and Cognitive
Biases

Presenting Author: Daniel Maass Co-author(s): Michael Lienhard, Daniel Safin, Carmen Casasnovas

3. [T] 'Dude... My Dealer's a Computer': A Case Report and Discussion of the Changing Role of the Internet in Drug Trafficking and Designer Benzodiazepines

Presenting Author: Anna Shapiro Co-author(s): Mohsen Vazirian, Christopher Sola, Jason Jerry

4. [T] 'This Heroin Is for the Dogs!': A
Case Report and Discussion of Heroin
Adulteration and Its Impact on Patient
Care and Safety

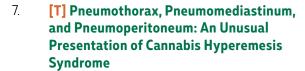

Presenting Author: Anna Shapiro Co-author(s): Erin Dean, George Tesar, Christopher Sola, Elisabeth Tracey

5. Chasing the Dragon, Catching the Leukoencephalopathy

Presenting Author: Saira Hussain Co-author(s): Ateaya Lima, Damir Huremovic

6. [T] Heroin Hearts Need a Hero: Lessons in the Hospital Care of Patients IVDU-associated Infective Endocarditis and its Sequela

Presenting Author: Scott Sinisgalli Co-author(s): Dahlia Saad-Pendergrass, Katherine Blackwell

Presenting Author: Lauren Stephens Co-author(s): Kevin Johns, David Kasick

8. [T] Relationship of Degree of Marijuana
Urine Toxicity to Inpatient Psychiatry
Length-of-Stay and PRN Medication
Administration

Presenting Author: Helena Winston Co-author(s): Madelyne Hull, Melanie Rylander

 [T] Sensorineural Hearing Loss After Fentanyl Overdose: A Case Report and Literature Review

> Presenting Author: Deepika Sundararaj Co-author: Walter Kilpatrick

10. [T] What's That Secret 'Spice'? Why Synthetic Cannabinoids Continue to Be a National Epidemic and Practice Essentials for Consult-Liaison Psychiatrists

Presenting Author: Brenna Emery

11. **[T]** An Atypical Presentation of Heroin Induced Leukoencephalopathy

Presenting Author: Jena Andreu Co-author(s): Adamma Okorafor, Carmen Casasnovas, Seema Quraishi, Daniel Safin

12. [T] The "Smart Pill" High: A Case of Phenibut Intoxication and Withdrawal

Presenting Author: Lujain Alhajji Co-author(s): Hortensia Valeron, Vanessa Padilla, Maher Almatrafi

Cardiology, Immunology & Endocrinology

13. [T] A Care Management Intervention for Non-Cardiac Chest Pain: A Pilot Project

Presenting Author: Elizabeth Madva Co-author: Jeff Huffman

14. [T] A Case of Erythromelalgia Mimicking Anorexia Nervosa – the Differential Diagnosis of Eating Disorders

Presenting Author: Elizabeth Hale Co-author: Wynne Lundblad

15. Antipsychotics in Wolff-Parkinson-White Syndrome

Presenting Author: Christopher Martin Co-author(s): Andrew Francis, Alfredo Bellon, Richard Prensner, Sean Nutting

16. [T] Associations Between Medical Comorbidities, Inflammation, and Treatment-resistant Major Depressive Disorder

Presenting Author: Manivel Rengasamy Co-author(s): Meredith Spada, Lisa Pan

17. [T] Changes in Heart Rate Variability in First-Episode Drug-Naïve Adolescents with Major Depressive Disorder: A 12week Prospective Study

> Presenting Author: Moon-Soo Lee Co-author(s): Sang-won Park, Jong-ha Lee

18. [T] Cognitive/Affective and Somatic Aspects of Depression Prior to LVAD Implantation and Associations with Mortality

Presenting Author: Laura Suarez Co-author(s): Sarah Schettle, John Stulak, Jeffrey Staab, Shannon Dunlay

19. Evidence-based Treatment Interventions for Depression in Patients with Heart Failure

Presenting Author: Waguih William IsHak Co-author(s): Gabriel Edwards, Kristina Jones, Asher Kimchi, Michele Hamilton

20. [T] Noncompliance Understood as Compulsion in a Woman with Diabetes Mellitus and Obsessive-Compulsive Disorder

Presenting Author: Ewa Bieber Co-author(s): Reem Shafi, Magdalena Romanowicz, Sandra Rackley

21. [T] Psychiatry in the Heart Failure
Population: Depression Prevalence,
Antidepressant Use, Pain Scores and
Narcotic Requirements in Ventricular
Assist Device Recipients

Presenting Author: Rebekah Nash Co-author(s): Michelle Yi, Meghan Sheehan, Allen Wagner, Ian Hollis

Collaborative & Integrated Care

22. [T] Psychiatry in the Cancer Hospital:
Assessing the Feasibility of Screening
and Treating Anxiety and Depression in
the Bone Marrow Transplant Population

Local Guide

Located in central Florida, Orlando has something to offer everyone. From amusement parks to famed thoroughfares to themed dining experiences, the Local Arrangements Subcommittee has been busy putting together plans and resources to help you enjoy not only the content of the meeting, but all the host city has to offer.

Local Things-to-Do

STAR WARS™: SECRETS OF THE EMPIRE BY ILMXLAB AND THE VOID

"A galaxy far, far away needs your help. In teams of four, be transported with family and friends in a brand new hyper-reality experience from Lucasfilm, ILMxLAB and The VOID. The VOID is a full sensory, immersive experience, with you, your friends and family walking around inside the action."

General Admission (Age 10+) for Star Wars: Secrets of the Empire:

- Monday Thursday: \$29.95 per person
- Friday Sunday, Holidays: \$32.95 per person
- Should be purchased online in advance

Walt Disney World® Resort (1.5 miles)

Experience the magic of Walt Disney World® Resort with your family! Located only minutes away, Caribe Royale is a Walt Disney World Good Neighbor® Hotel, and offers scheduled transportation to and from Walt Disney World® Ticket & Transportation Center, as well as an evening shuttle to the Disney Springs™ area. Transportation is included in the daily hotel fee. The Local Arrangement committee has specially priced Walt Disney World Multiday (2+ day) and special partial day theme park tickets. For more information, and to purchase discounted tickets please visit https://www.mydisneygroup.com/clp2018.

Disney Springs is an outdoor shopping, dining, and entertainment complex at the

Walt Disney World Resort, near Orlando. The complex includes four distinct areas: Marketplace, The Landing, Town Center, and West Side. Buses and water taxis operated by Disney Transport provide transportation between Disney Springs and other areas of Walt Disney World.

The local arrangements committee recommends the **Aerophile Balloon Ride** at Disney Springs which operates from 8:30AM-12AM, based on the weather. Each ride is 8 minutes (200-400 ft in air) and the balloon can hold 8-15 people. Cost is \$20 for adults; \$15 ages 3-9; under 3 is free. We recommend calling the night before for operating hours, (407) 938-9433.

International Drive (1 mile)

Shop, dine, explore, and have a blast on "I-Drive", arguably one of Orlando's most famous addresses. Brimming with attractions including theme parks, nightlife, miniature golf, and museums, this area has something for everyone.

SeaWorld® Orlando (6 miles)

Discover sharks, whales, penguins, and more at this thrilling theme park, which features up-close tours, fascinating exhibits, amazing shows and exciting rides, including their newest thrill ride, MAKO.

Universal Studios Resort™ (10 miles)

Learn more about your favorite movies and take a spin on one of the exhilarating rides at this theme park, which just happens to be a working film and television studio.

Nightlife Transportation:

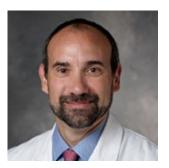

Complimentary shuttle transportation will be provided to and from various dining and nightlife spots around Orlando from 6:30-11:30 PM on the nights of Wed.-Sat. Shuttles will depart every hour on the hour from the convention center lobby. On Wed. and Sat. shuttles will go to Disney Springs, Thurs. to Pointe Orlando and Fri. to Universal Citywalk.

Eleanor and Thomas P. Hackett Memorial Award 2018

The Eleanor and Thomas P. Hackett Memorial Award is the Academy's highest honor. It is presented to a member who has demonstrated distinctive achievements in Consultation-Liaison Psychiatry training, research, clinical practice, and leadership.

The award was established in 1988 to honor Thomas P. Hackett, Jr., MD, FACLP, professor and chief of the Department of Psychiatry at Massachusetts General Hospital 1974-1988 and president of the Academy 1987-88. Dr. Hackett was a long-time leader in the field of C-L Psychiatry. He died of a heart attack at age 59, two months after he took office as president of the Academy. The first Hackett award was presented in 1989 to Edwin H. Cassem, MD, FACLP, who also succeeded Dr. Hackett as chief of psychiatry at MGH, 1989-2000.

In 2009 the award was renamed to include Dr. Hackett's wife, Eleanor, who passed away of leukemia in April 2009. "Ellie" had presented the award at the annual meeting almost every year since its inception. She received the Academy's Special Recognition Award in 2003.

The Academy is proud to announce the recipient of the Eleanor And Thomas P. Hackett Memorial Award 2018

Jose Maldonado, MD, FACLP, FACFE Stanford University, Stanford, CA

Committee & SIG Meetings

(Subject to modification)

ACLP committee meetings are closed and only members may attend. SIG meetings are open to all. On each morning, light refreshments will be available in the foyer areas outside the meeting rooms listed below.

Wednesday, November 14

7:00-8:00 AM	Preconference Courses Subcommittee	Regents Boardroom
5:00-6:00 PM	Preconference Courses Subcommittee	Antigua 1&2
6:00-7:00 PM	Transplant Psychiatry SIG	Antiqua 3&4

Thursday, November 15

7:00-7:45 AM	Room
Fellowship Education Subcommittee	Antigua 1&2
Guidelines & EBM Subcommittee	Antigua 3&4
Membership Services Subcommittee	Bonaire 1&2
Palliative Medicine & Psycho-oncology SIG	Bonaire 3&4
Research & Evidence-based Practice Committee	Bonaire 5&6
Telepsychiatry SIG	Bonaire 7&8
Women's Health SIG	Curacao 1&2
Workshops & Symposia Subcommittee	Curacao 3&4

Friday, November 16

7:00–7:45 AM	7:45-8:30 AM	Room
Bylaws Subcommittee	Cardiovascular Psychiatry SIG	Antigua 1&2
Community-Based C-L Physician Practice Issues SIG	Early Career Psychiatrists SIG	Antigua 3&4
Journal Committee	Emergency Psychiatry SIG	Bonaire 1&2
Medical Student Education Subcommittee	HIV/AIDS Psychiatry SIG	Bonaire 3&4
Membership Committee	Interdisciplinary Education Subcommittee	Bonaire 5&6
Quality & Safety SIG	Medicine & Psychiatry SIG	Curacao 1&2
Standards and Ethics Subcommittee	Military & Veterans SIG	Curacao 3&4
Women's Caucus	Oral Papers & Posters Subcommittee	Curacao 5&6
MOC Subcommittee	Residency Education Subcommittee	Curacao 7&8
	Local Arrangements Subcommittee	Regents Boardroom

Saturday, November 17

7:00-7:45 AM	7:45-8:30 AM	Room
Bioethics SIG	Benchmarking Task Force	Antigua 1&2
Communications Committee	Early Career Subcommittee	Antigua 3&4
Fellowship & Awards Subcommittee	Education Committee	Bonaire 1&2
Governance Committee	Finance Committee	Bonaire 3&4
Online Education Subcommittee	Integrative Medicine (Complementary & Alternative Medicine) SIG	Bonaire 5&6
Research SIG	Neuropsychiatry SIG	Bonaire 7&8
	Pediatric C-L Psychiatry SIG	Curacao 1&2
	Psychological Considerations SIG	Curacao 3&4
	Research Subcommittee	Curacao 5&6

Supporting the Mission of the Academy of Consultation-Liaison Psychiatry

In June 2009, the ACLP Council created a 501(c) (3) charitable, education, and scientific foundation with the primary purpose of supporting the Academy's education and research programs and activities through fundraising. This organization is called the Foundation of the Academy of Consultation-Liaison Psychiatry (fACLP).

Annual Funding Campaign

Join us as we kick off our Annual Funding Campaign! ALL contributions, regardless of size, will help us achieve our commitment to future leaders in our field and ensure our continued impact as we move the cause of integrated care forward.

Having full participation sends a strong message about our collective commitment to our mission, enabling us to solicit larger grants from individuals and institutions that have interest in our work. And your gift is tax-deductible!

Educational Mission

The Foundation of the Academy of Consultation-Liaison Psychiatry supports the Academy's commitment to:

- Fostering ongoing career development and recognizing significant contributions to the field, through endowed funds like the Lipsitt Award
- Support for ongoing access to major researchers in our field for education and mentorship of trainees and early career members

Donations

Both the Academy and the Foundation thank you for your generous contribution and support. Help us reach our Annual Funding Campaign goal: donations may be made online at tinyurl.com/ACLP-Fdn.

In the spirit and honor of Wayne Katon, whose career was dedicated to clinical research, we invite you to support our newly established Research Support Fund.

The Foundation's Board of Directors

David Gitlin, MD, FACLP, Chair Christina Wichman, DO, FACLP, Secretary Steve Epstein, MD, FACLP, Treasurer

MISSED A SESSION? WANT TO REVIEW A PARTICULAR PRESENTATION?

plenary sessions and the full Essentials of Consultation-Liaison Psychiatry course online through the ACLP LIVE LEARNING CENTER

Carefully selected sessions from this conference are being recorded and will be available online for all your professional development needs. Recorded sessions make great training tools for you and your colleagues and keep you at the forefront of your industry.

You will be notified via email when sessions have been posted online.

tinyurl.com/ACLP-LLC

Claim Your CME Credits

How to Complete your Session Evaluations to Claim Your CME Credits

Access the Evaluation process using one or both of the following:

- In the meeting app, look for the **Evaluation** button on the home screen, or footer menu
- On your PC or Mac, visit **tinyurl.com/CLP2018-eval** and log in using the same credentials you used to log into the meeting app

Not using the app, or can't find the credentials emailed to you? Use the **Forgot Password** feature on the log-in page to request your Access Key. You must use the email address you used to register for the meeting for this to work.

The Evaluation process will present you with three tasks to complete to obtain your CME certificate:

- 1. Complete your profile: identify learner type, subspecialty and, for ABPN records verification purposes, your date of birth. This last item is optional.
- 2. Select the sessions you attended for which you are claiming CME credit. For each session you claim, you will be asked to complete an evaluation of the session content and each speaker. Remember to click "Submit"! An evaluation must be completed for you to receive your CME credit.
- 3. Complete the meeting evaluation.

Once all three are done, you can print, download, and/or email yourself your CME document.

The Evaluation process is open through Sunday, December 16. You must complete your evaluations by this date in order to obtain your CME credits.

ACLP Disclosure Reporting

The Academy of Consultation–Liaison Psychiatry requires disclosure by all program planners and presenters of CME activities of any financial or other affiliation with commercial organization(s) that may have a direct or indirect interest in the subject matter of the educational activity. A "financial interest" may include but is not limited to: being an employee and/or being a shareholder in the organization; being on retainer with the organization; or having research or honoraria paid by the organization. An "affiliation" may include holding a position on an advisory committee, speakers' bureau or some other role or benefit to a supporting organization.

ACLP administers a process by which potential conflicts are identified and resolved prior to the educational activity. Furthermore, the audience of each session must be informed of the presenters' or program planners' affiliations with every commercial interest by acknowledging such in the printed program and orally or visually (incorporated into slide presentation) at the start of a session.

ACLP only identifies active disclosure information, meaning that the absence of a speaker from this list indicates that neither they, nor an immediate member of their family have any financial relationships or potential conflict of interest to disclose.

Program Participant	Disclosures
Brian Anderson, MD	California Institute of Integral Studies (Honorarium); Study funding: Psilocybin-assisted Group Therapy for Demoralization in Long-term AIDS Survivors (NCT02950467); Funders: Sarlo Foundation; Usona Institute; Stupski Foundation; Heffter Research Institute; Riverystyx Foundation; Tim Ferris; NIMH R25 MH060492

Official Organ of the

International College of Psychosomatic Medicine (ICPM)

International Federation for Psychotherapy (IFP)

As the volume of literature in the fields of psychotherapy and psychosomatics continues to grow, it becomes increasingly difficult to keep abreast of new and important developments, and to have independent, critical views on key clinical issues concerned with assessment and treatment of mental disorders. *Psychotherapy and Psychosomatics* has progressively increased its reputation for independence, originality and methodological rigor. It has anticipated and developed new lines of research concerned with psychosomatic medicine, psychotherapy research and psychopharmacology. The journal features editorials and reviews on current and controversial issues; innovations in assessment and treatment; case management articles; original investigations; literature updates; and a lively correspondence section. It has become a unique and vital reference to current research and practice, the home of innovative thinking at the interface between medical and behavioral sciences.

Psychotherapy and Psychosomatics

7th annual scientific conference of the EAPM

EAPM2019

19 - 22 June Rotterdam The Netherlands

INTEGRATING PSYCHOSOMATIC CARE ACROSS MEDICAL SETTINGS AND SPECIALTIES

Psychosomatic medicine is THE multi-disciplinary arena where different medical specialties explore the interrelationship between bodily processes and social, psychological and psychiatric factors. Clinical courses of mental processes affecting medical outcomes and, vice versa, somatic processes influencing mental well-being constitute our main field of interest. Diverse clinical disciplines, ranging from medical psychology to psychiatry, neurology, internal medicine, surgery, including various somatic subspecialties, are involved in the effort to understand the physiological pathways in psychosomatic conditions and, at least in an ideal world, to advocate multidisciplinary management. However, integration of care (i.e., bringing together diverse specialty skills and expertise in complex cases of multi-morbidity simultaneously) still remains a difficult process in psychosomatics. Whereas the aspiration to integrate medical and mental health care is widespread, integrated care services are yet hard to find. In order to avoid unintended negative outcomes due to underdetection of psychosomatic complexity or treatment refractoriness in fragmented mono-disciplinary trajectories, integration of care is deemed necessary at the hospital level between medical specialties and between the medical hospital and primary care. The 2019 EAPM annual conference will provide lectures, symposia, workshops and master classes starting from different medical specialty perspectives on the pathophysiology and treatment of psychosomatic syndromes. In order to inform the field on current etiologic concepts another focus is on symptom formation and what constitutes to psychosomatic complexity. Furthermore, clinical efforts will be presented on when and where integrated care could be delivered to foster a multidisciplinary network approach, which may connect medical specialties across healthcare settings.

We hope to see you next year in Rotterdam. On behalf of the conference committees,

Carsten Leue

The Rotterdam 2019 registration is now open:

ACLP members profit from our reduced registration fees.

ACLP members are welcome to participate in EAPM's Special Interest Groups.

Find out more: www.eapm.eu.com

SELECTION OF TOPICS

General psychological and physiological pathways to psychosomatic syndromes · Specific pathways along the body-brain axis · Stress and immune function in psychosomatic syndromes · Resilience and coping in psychosomatic conditions · Contextual influences in functional somatic syndromes · Attachment and emotion regulation in functional somatic conditions · Epigenetics in psychosomatic syndromes · Physical health in mental disorders · Psychological treatment of the medically ill · Psycho-cardiology · Psychosomatic approaches in digestive diseases · Caregivers communication skills in psychosomatic medicine · Personalized care in psychosomatic medicine · (Cost-) effectiveness of integrated care in psychosomatic medicine · Consultation-liaison psychiatry · Psychosomatic treatment in primary care

Exhibitors

ACLP is pleased to welcome to this year's meeting the following companies as exhibitors:

American Board of Psychiatry & Neurology

The American Board of Psychiatry and Neurology serves the public interest and the professions of psychiatry and neurology by promoting excellence in practice through its certification and maintenance of certification processes. ABPN oversees the Psychosomatic Medicine certification process.

www.abpn.com

American Psychiatric Association Publishing

American Psychiatric Association Publishing is the world's premier publisher of books, journals, and online products on psychiatry, mental health and behavioral science. We offer authoritative, upto-date and affordable information geared toward psychiatrists, other mental health professionals, psychiatric residents, medical students and the general public. www.appi.org

Atrium Health

Atrium Health, formerly known as Carolinas HealthCare System, is one of the leading healthcare organizations in the Southeast and one of the most comprehensive, notfor-profit systems in the country. Our system operations comprise nearly 2,500 system-employed physicians and more than 60,000 employees, operating nearly 40 acute care and specialty hospitals and 900 plus care locations. http://www.atriumhealth.org

Baylor, Scott & White

As the largest not-for-profit healthcare system in Texas and one of the largest in the United States, Baylor Scott & White Health was born from the 2013 combination of Baylor Health Care System and Scott & White Healthcare. Today, Baylor Scott & White includes 48 hospitals, more than 800 patient care sites, more than 7,800 active physicians, over 47,000 employees and the Scott & White Health Plan. https://www.bswhealth.com/

California's Department of State Hospitals

California's Department of State Hospitals (DSH) manages the California state hospital system, which provides mental health services to patients admitted into DSH facilities. The department strives to provide effective treatment in a safe environment and in a fiscally responsible manner. DSH oversees five state hospitals -Atascadero, Coalinga, Metropolitan (in Los Angeles County), Napa and Patton and we are looking for qualified mental health professionals to join our team! http://www.dsh.ca.gov/

Central Intelligence Agency, Recruitment Center

The CIA is the premier agency responsible for providing global intelligence on the ever-changing political, social, economic, technological and military environment. Here, your paramount goal and mission will be to protect the national security of the United States. Virtually any job you can imagine is available at the CIA — plus, some you can't even imagine. The CIA is actively hiring Psychiatrists to support our worldwide mission.

https://www.cia.gov/careers

Cedars-Sinai

Cedars-Sinai is one of the largest nonprofit academic medical centers in the U.S. with 866 licensed beds. Consistently named one of America's Best Hospitals by U.S. News & World Report, Cedars-Sinai is an 18-year recipient of the National Research Corporation's Consumer Choice Award and holds California's longest running Magnet designation for nursing excellence. http://www.cshs.org

Cleveland Clinic

Cleveland Clinic is a nonprofit, multi-specialty academic medical center combining world class clinical care with an outstanding patient experience. Our guiding principle is putting the patient's needs first in every aspect of care. Ranked by US News & World Report as a top U.S. hospital for 2018-19, we are working harder every day to achieve that goal.

https://my.clevelandclinic.org/

ELSEVIER

ELSEVIER is a leading publisher of health science publications, advancing medicine by delivering superior reference information and decision support tools to doctors, nurses, health practitioners and students. With an extensive media spectrum — print, online and handheld, we are able to supply the information you need in the most convenient format.

www.us.elsevierhealth.com

Harvard Medical School Center for Bioethics

The Center for Bioethics engages leaders in healthcare, research and policy, through consortia, public lectures, and courses. The Master of Bioethics Degree program attracts professionals to an intellectually rigorous course of study. This nine-month full-time or two-year part-time program provides critical knowledge, skills development,

and field experience to prepare graduates for their next career phase.

www.bioethics.hms.harvard.edu

Novant Health

A Consult Liaison Psychiatrist exemplifies the mission, vision, and values of Novant Health, Inc. They provide remarkable service to the patient, the patient's family, and the medical care team. The Consult Liaison Psychiatrist provides psychiatric diagnosis and treatment recommendations to the attending medical team for a collaborative approach for desired patient outcomes.

www.novanthealth.org/

Professional Risk Management Services

PRMS manages The Psychiatrists'
Program, a full-service medical
professional liability insurance
program for behavioral healthcare
providers unparalleled for its
risk management expertise,
aggressive defense strategies, and
specialized comprehensive policy.
Administrative defense coverage of
\$50,000 provided. Telepsychiatry
and forensic services included at no
additional cost. Discounts up to 60.
www.prms.com

Southcentral Foundation

Southcentral Foundation works with the Native Community to achieve wellness through health and related services. SCF has grown from a single dental clinic to an internationally recognized, awardwinning health care organization employing more than 2,000 people with over 80 health related programs and services including Behavioral Health.

www.southcentralfoundation.com
