Feedback to ACLP Council:

- Less value to networking SIG and may be better to do meetings at lunchtime
- Two days of networking lunches is probably too much (may be hard for people with social phobia)
- Emails are hard, don't "feel" functional

**The above 3 bullets were passed on to Council members during the SIG Chairs lunch*

- Mid-year conference call around January/February for ACLP and then again in May/June for APA submissions
- Need for addictions SIG?
