Welcome

We are pleased to welcome you to the 57th Annual Meeting of the Academy of Psychosomatic Medicine. With the theme ***“Advancing Psychosomatic Medicine through Excellence in Education”*** we look forward to an exciting and rewarding experience with colleagues and friends. This is the Academy’s main event of the year and we are confident that it will meet your expectations for professional growth.

0

An exciting group of plenary speakers will address major issues: Dr. Darrell Kirch, *“Will Mind and Body Finally Be Reunited in the ‘Medical Home’?”*; Dr. Susan Lieff, *“Teaching for Learning: Bringing Theory to Practice”* and Dr. Eugene Beresin, *“Integrating Mind, Body, and Environment in Psychiatric Education.”*

1

We have a wealth of ideas and research information to absorb from concurrent paper sessions, a poster session, workshops and symposia, based on 228 submitted abstracts. The Hackett Award lecture by Dr. Donna Stewart and the Research Award lecture by Dr. Bruce Rollman will be highlights, and the Awards & Fellowship Convocation luncheon will provide an opportunity to recognize colleagues’ contributions to our specialty.

0

A full day *“Updates in Psychosomatic Medicine Course”* and five pre-conference “skills” courses covering *“Updates in Internal Medicine for the Consultation-Liaison Psychiatrist (sponsored by the Association of Medicine and Psychiatry),” “Pediatric Psychosomatic Medicine: Mending Hearts and Minds,” “The Business of Building Psychosomatic Medicine Services,” “Psychopharmacology for the Psychosomatic Psychiatrist”* and *“Neuropsychiatric Masquerades: Medical and Neurological Disorders that Present with Psychiatric Symptoms”* will provide additional educational opportunities for those who arrive on Wednesday.

Based on what this annual meeting has to offer, we are confident that you will leave on Sunday re-invigorated about our specialty and even more prepared to serve your patients.

Accreditation

The 2010 Annual Meeting has been planned in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Medical College of Wisconsin and the Academy of Psychosomatic Medicine. The Medical College of Wisconsin (MCW) is accredited by the ACCME to provide continuing medical education for physicians.

Credit

The Medical College of Wisconsin designates this educational activity for a maximum of **29.75 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure

All persons in a position to control the educational content of the Annual Meeting will have made disclosure of their relevant financial relationships with industry. The CME Provider has a mechanism in place to identify and resolve any actual or potential conflicts of interest.

Learning Objectives:

At the end of this meeting participants will be able to:

- Describe the most recent research findings and clinical areas of interest in psychosomatic medicine.
- Analyze the different perspectives of psychosomatic medicine from pediatrics to geriatrics offered by leaders in the field.
- Discuss relevant public health and policy perspectives relevant to psychosomatic medicine (C-L psychiatry).
- Apply the latest uses of psychotropic medications to their clinical practice for the benefit of their patients including during pregnancy.
- Compare different approaches to the provision of evidence-based psychiatric care for the medically ill.
