APM 2011 ANNUAL MEETING

Psychosomatic Medicine: Innovation and Opportunity in Community Practice Settings

We are pleased to welcome you to the 58th Annual Meeting of the Academy of Psychosomatic Medicine. With the theme **"Psychosomatic Medicine: Innovation and Opportunity in Community Practice Setting,"** we look forward to an exciting and rewarding experience with colleagues and friends. This is the Academy's main event of the year and we are confident that it will meet your expectations for professional growth.

An exciting group of plenary speakers will highlight our theme: Dr. John Oldham, President of the American Psychiatric Association, Dr. James Rundell and Dr. Roger Kathol.

We have a wealth of ideas and research information to learn from pre-conference courses, concurrent paper sessions, a poster session, workshops and symposia, chosen from hundreds of submissions. The Hackett Award lecture by Dr. William Breitbart and the Research Award lecture by Dr. Andrea DiMartini will be high points, and the Awards & Fellowship Convocation luncheon will provide an opportunity to recognize colleagues' contributions to our specialty.

A half day *"Update in Psychosomatic Medicine Course"* and seven pre-conference "skills" courses covering *"Update in AIDS Psychiatry"* (sponsored by the APM AIDS Psychiatry SIG), *"Medical Hypnosis for the Psychosomatic Medicine Practitioner"*, *"Transplant Psychiatry Review Course"* (sponsored by the APM Transplant Psychiatry SIG), *"Update in Internal Medicine for the Consultation-Liaison Psychiatrist"* (sponsored by the APM Medicine & Psychiatry SIG), *"Psychopharmacology for the Psychosomatic Psychiatrist"*, *"Neuropsychiatric Disorders: Review of the Basics and an Update of Recent Findings"* (sponsored by the APM Neuropsychiatry SIG) and *"Office-Based Treatment for Opioid Use Disorders with Buprenorphine"* will provide additional educational opportunities for those who arrive on Wednesday.

Based on what this annual meeting has to offer, we are confident that you will leave on Sunday re-invigorated about our specialty and even more prepared to serve your patients.

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Medical College of Wisconsin and Academy of Psychosomatic Medicine. The Medical College of Wisconsin is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation Statement:

The Medical College of Wisconsin designates this live activity for a maximum of **29.75 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives:

At the end of this meeting participants will be able to:

- Describe the most recent research findings and clinical areas of interest in psychosomatic medicine.
- Analyze the different perspectives of psychosomatic medicine in diverse populations of patients across the lifespan.
- Discuss public health and policy perspectives relevant to psychosomatic medicine (C-L psychiatry).
- Apply the latest uses of psychotropic medications to their clinical practice for the benefit of their patients including during pregnancy.
- Compare different approaches to the provision of evidence-based psychiatric care for the medically ill.

Second APM Council Meeting (Council & Invited Guests) Kave Three

The Academy will be implementing “Green Incentives” for our attendees for 2012!

By their very nature, conferences and meetings produce a lot of waste. A typical five-day conference for 500 attendees will use about 20,000 cans or bottles, 15,000 cups and 18,000 paper napkins. When a meeting concludes, you can have tons of waste (paper, food, plastic, etc.) produced from just one conference.

The Academy is conscious of our “carbon footprint” and will be implementing changes at our 2011 Annual Meeting to reduce our impact on the environment. Some changes APM-meeting attendees might notice are:

- | | | | |
|--|--|---|--|
| <ul style="list-style-type: none">• Reduced amount of paper used during the registration process by encouraging online registrations.• Electronic registration confirmations replaced paper mail confirmations. | <ul style="list-style-type: none">• Condensed Final Program booklet. We have cut down from 100 pages to less than 40.• Eliminated a printed preliminary brochure. All information has been posted on the APM website. | <ul style="list-style-type: none">• Replaced bottled water with water stations.• Used recycled plastic badge holders and lanyards.• Eliminated printed abstracts and posted materials on the APM website. | <ul style="list-style-type: none">• Eliminated conference bags. Attendees were encouraged to bring their own bags.• Eliminated disposable coffee cups.• Condiments available in serving containers, instead of individual packets. |
|--|--|---|--|

The Academy will be investigating more options for future meetings. We encourage all attendees to participate in this move towards a more environmentally sustainable meeting. During the initial planning process for the 2012 Annual Meeting, the Committee will be implementing new “Green Incentives” to encourage our attendees to be more conscious of minimizing our footprint. In 2012, keep visiting www.apm.org to learn how the Academy will thank those who choose a “greener” registration path.

Membership Has its Benefits!

Since 1954, the Academy of Psychosomatic Medicine has served as a meeting ground for collaboration and exchange of knowledge and ideas in the field of psychosomatic medicine and consultation-liaison (C-L) psychiatry. We welcome and encourage professionals and trainees with an interest in consultation-liaison psychiatry/psychosomatic medicine to become a member of the APM. For membership details, please visit www.apm.org to join and start receiving some of the great membership benefits listed below.

As a member you receive the following:

- A subscription to our premier medical journal, *Psychosomatics*, online access to two additional related journals, and 25% discount on selected books published by Elsevier, Inc.
- An annual scientific meeting. Members save over 25% on annual meeting registration fees.
- Introduction to and interaction with special interest groups.
- Opportunities to participate in the Academy's committee structure.
- A distinguished Fellowship and awards program.
- The Academy's newsletter.
- Increase your knowledge & network with your peers and leaders in the field of Psychosomatic Medicine.

**The membership voted and starting January 1, 2012,
the Academy will be using our new logo!**

Thank you all for taking the time to vote!

THE FOUNDATION OF THE ACADEMY OF PSYCHOSOMATIC MEDICINE

—SUPPORTING THE MISSION OF THE ACADEMY OF PSYCHOSOMATIC MEDICINE

In June 2009, the APM Council created a 501(c)(3) charitable, education, and scientific foundation with the primary purpose of supporting the Academy's education and research programs and activities through fundraising. This new organization is called the Foundation of the Academy of Psychosomatic Medicine (fAPM).

Fundraising

During the APM annual meetings in 2009 and 2010 live and silent auctions were held to help raise money for the Foundation. The activities were a success and we thank our members for their support.

At this year's annual meeting, the Foundation will again be hosting a silent and live auction. Our live auction will take place Friday evening during the *fAPM Rawhide Adventure* at the Rawhide Westerntown and Steakhouse where some wonderful items will be auctioned off such as a trip to Napa Valley, a trip to Lake Louise, and beautiful jewelry to name a few of the items. Our silent auction this year will be held during the Welcome Reception on Thursday evening.

Educational Mission

One of the educational missions of the APM is to foster the development of exceptional early-career PM psychiatrists via the William Logan Webb Fellowship. Our hope is that the Foundation will be able to obtain charitable donations sufficient to endow the Webb Fellowship and guarantee that it continues in perpetuity.

Donations

If you care to donate to the Foundation, complete the donation form on the next page and mail to our office at:

fAPM | 5272 River Road | Suite 630 | Bethesda, MD 20832.

or

scan and email to **foundation@apm.org**.

While attending the meeting feel free to drop off your donation at the Foundation Booth in the registration area. A \$500 or more donation automatically enrolls you in the Presidents Club. Both the Academy and the Foundation thank you for your generous contribution and support.
